## Request for Quotation No. UNFPA/EGY/RFQ/20/009

Dear Sir/Madam,

We hereby solicit your quotation for the supply of the items named below:

## NB: Sample for each quoted item required to be submitted along with the quotation no later than the deadline

Item N°	Product Name	Product Description	Unit of Measure	Quantity
1	Surgical Mask, type I, for patients, non- sterile, disposable	Type I (EN 14683) surgical or medical mask.  . Bacterial filtering efficiency (BFE): equal to or greater than 95%.  . Differential pressure (breathability)/Breathing resistance: equal to or less than 29.4 Pa/cm2.  . Splash resistance: None.	Box of 50	11000
2	Surgical Mask, type I, for patients, non- sterile, disposable	. Fabric, non-woven with outer layer impervious liquid splash resistant material, e.g. polyethylene Comprised of 3 non-woven folded layers, shape completely covering nose, mouth and chin Clearly identifiable inner and outer surfaces Malleable nose strip, made of aluminum, allowing a snug fit With attached 2 x 2 tie-straps, allowing correct fixation and securing at the back of the head, or ear loops Size (indicative): 15-19 cm x 9-11 cm (l x w). Unfolded 175 x 175 mm.	Box 20-25	11000

			Website: http://www.un	fpa.org
		Latex-free, glass fibre-free     Non-sterile     Single use, disposable.		
3	Surgical respirator, high-filtration, FFP2/N95, with Valve disposable	5ply N95 /Ffp2/Kn95 Face Mask Respirator with Filter/Valve, Safe, breathable, and Hypoallergenic; and high filtration, capacity. Elastic ear-loops with no pressure to the ears. Two pre-attached, strong elastic straps, fitting (i) around top of the head, (ii) around base of the head. Color: white. Non-sterile. Single use, disposable. Each mask bares clear identification of (i) protection provided FFP2/N95, (ii) which side to wear up (nose), (iii) manufacturer's name, and (iv) model reference	Each	150
4	Surgical respirator, high-filtration, FFP2/N95, mask, no valve, non- sterile, disposable	Material: non-woven filter layer. Polypropylene, polyester, polyethylene, aluminum. Meets the requirements of FFP2 or N95 (FFP2 or N95 must be written on the respirator itself). Filtration level: > 95 % for particles from 0.1 to 0.3 micron. Total inward leakage (TIL): <10% (N95) or <8% (FFP2). Penetration of the filtering	Each	150

material < 6% (NaCl and paraffine at 95 l/min with particles of 0.6 μm).  Air permeability: > 2 mm H2O  Meets the requirements of type IIR:  Bacterial filtration efficiency (BFE)  > or = 98%.  Differential pressure (breathability) < 49 Pa.  Splash resistance pressure > or = 120 mm hg (tested in accordance with ASTM F1862 standard).  Shape of the mask: duckbill (folded horizontal width-wise), or cup-shaped.  Good breathability with design that does not collapse against the mouth.  Without valve.  Respirator mask fits all face shapes, without inspiration/expiration air-leakage. Upper edge has integrated easy malleable nose bridge strip reducing fogging of protective eye-wear.  Size nose bridge strip: 4 x 90 mm (w x l) (+/-10%).  Two pre-attached, strong elastic straps, fitting (i) around top of the head, (ii) around base of the head.  Color: white.  Non-sterile.  Single use, disposable. Each mask bares clear identification of (i) protection provided FFP2/N95, (ii) which side to wear up (nose), (iii) manufacturer's name, and		Website: http://www.uni	pa.org
µm).  Air permeability: > 2 mm H2O  Meets the requirements of type IIR:  Bacterial filtration efficiency (BFE) > or = 98%.  Differential pressure (breathability) < 49 Pa.  Splash resistance pressure > or = 120 mm hg (tested in accordance with ASTM F1862 standard).  Shape of the mask: duckbill (folded horizontal width-wise), or cup-shaped.  Good breathability with design that does not collapse against the mouth.  Without valve. Respirator mask fits all face shapes, without inspiration/expiration air-leakage. Upper edge has integrated easy malleable nose bridge strip reducing fogging of protective eye-wear.  Size nose bridge strip: 4 x 90 mm (w x I) (+/-10%).  Two pre-attached, strong elastic straps, fitting (i) around top of the head, (ii) around base of the head.  Color: white.  Non-sterile.  Single use, disposable. Each mask bares clear identification of (i) protection provided FFP2/N95, (ii) which side to wear up (nose),	material < 6% (NaCl and paraffine		
Air permeability: > 2 mm H2O Meets the requirements of type IIR: Bacterial filtration efficiency (BFE) > or = 98%. Differential pressure (breathability) < 49 Pa. Splash resistance pressure > or = 120 mm hg (tested in accordance with ASTM F1862 standard). Shape of the mask: duckbill (folded horizontal width-wise), or cup-shaped. Good breathability with design that does not collapse against the mouth. Without valve. Respirator mask fits all face shapes, without inspiration/expiration air-leakage. Upper edge has integrated easy malleable nose bridge strip reducing fogging of protective eye-wear. Size nose bridge strip: 4 x 90 mm (w x 1) (+/-10%). Two pre-attached, strong elastic straps, fitting (i) around top of the head, (ii) around base of the head. Color: white. Non-sterile. Single use, disposable. Each mask bares clear identification of (i) protection provided FFP2/N95, (ii) which side to wear up (nose),	at 95 I/min with particles of 0.6		
Meets the requirements of type IIR:  Bacterial filtration efficiency (BFE)  > or = 98%.  Differential pressure (breathability) < 49 Pa.  Splash resistance pressure > or = 120 mm hg (tested in accordance with ASTM F1862 standard).  Shape of the mask: duckbill (folded horizontal width-wise), or cup-shaped. The goods are to be delivered maximum in (7) Seven days upon issuing of PO. The quotation shall be valid at least for One month after the closing date.

If you are interested in submitting a quotation for these items, kindly fill in the attached Quotation Form and send by email to the address indicated below:

egypt.tenders@unfpa.org

Please submit your quotation in Egyptian currency, if the offer is quoted differently from what is required, shall be based only on UN Operational Exchange Rate prevailing at the time of competition deadline.

Your earliest response to this query; as well as submitting the required mandatory samples for all items, would be highly appreciated, but not later than Wednesday **10 June 2020, at 15:00 Cairo Time** 

Note: Current UNFPA supplier policies apply to this solicitation and can be found at: <a href="http://www.unfpa.org/suppliers">http://www.unfpa.org/suppliers</a>.

Best regards,

## **Quotation Form**

Name of Bidder:			
Date of Bid:			
Request for Quotation No:	UNFPA/EGY/RFQ/20/009		
Currency of Bid price:	<b>Egyptian Pounds</b>		
<b>Delivery time</b> (weeks from receipt of order till dispatch):			
Expiration of Validity of Quotation (The quotation shall be			
valid for a period of at least One Month after the Closing date.):			

## **Price Schedule:**

Item No.	Unit Price	Quantity	Transportation cost to UNFPA CO Premises,	Total in EGP	Delivery schedule (days)
1-Surgical Face Masks box of 50		11000			
2-Surgical Face Masks box of 20-25		11000			
3-N95 Face Masks		150			
4- N95 Face Mask with Valve		150			
5-Face Shield		120			
6-Ethyl Alcohol 250ml		11000			
7-Ethyl Alcohol 500ml		11000			
8-Ethyl Alcohol 1000ml		11000			
9-Hand Disinfectant, Sterillium liquid/Gel 250ml					
10-Hand Disinfectant, Sterillium liquid/Gel 500ml		11000			
11- Hand Disinfectant, Sterillium liquid/Gel 500ml		11000			

In your offer, please include:
