**ANNEX I:  
GENERAL CONDITIONS FOR CONTRACTS FOR THE  
PROVISION OF SERVICES**

1. **LEGAL STATUS OF THE PARTIES:** UNFPA (a subsidiary organ of the United Nations established by the General Assembly in resolution 3019 (XXVII)) and the Contractor shall also each be referred to as a “Party” hereunder, and:

1.1 Pursuant, *inter alia*, to the Charter of the United Nations and the Convention on the Privileges and Immunities of the United Nations, the United Nations, including its subsidiary organs, has full juridical personality and enjoys such privileges and immunities as are necessary for the independent fulfillment of its purposes.

1.2 The Contractor shall have the legal status of an independent contractor *vis-à-vis* UNFPA, and nothing contained in or relating to the Contract shall be construed as establishing or creating between the Parties the relationship of employer and employee or of principal and agent. The officials, representatives, employees, or subcontractors of each of the Parties shall not be considered in any respect as being the employees or agents of the other Party, and each Party shall be solely responsible for all claims arising out of or relating to its engagement of such persons or entities.

2. **RESPONSIBILITY FOR EMPLOYEES:** To the extent that the Contract involves the provision of any services to UNFPA by the Contractor’s officials, employees, agents, servants, subcontractors and other representatives (collectively, the Contractor’s “personnel”), the following provisions shall apply:

2.1 The Contractor shall be responsible for the professional and technical competence of the personnel it assigns to perform work under the Contract and will select reliable and competent individuals who will be able to effectively perform the obligations under the Contract and who, while doing so, will respect the local laws and customs and conform to a high standard of moral and ethical conduct.

2.2 Such Contractor personnel shall be professionally qualified and, if required to work with officials or staff of UNFPA, shall be able to do so effectively. The qualifications of any personnel whom the Contractor may assign or may propose to assign to perform any obligations under the Contract shall be substantially the same, or better, as the qualifications of any personnel originally proposed by the Contractor.

2.3 At the option of and in the sole discretion of UNFPA:

2.3.1 the qualifications of personnel proposed by the Contractor (*e.g.*, a curriculum vitae) may be reviewed by UNFPA prior to such personnel’s performing any obligations under the Contract;

2.3.2 any personnel proposed by the Contractor to perform obligations under the Contract may be interviewed by qualified staff or officials of UNFPA prior to such personnel’s performing any obligations under the Contract; and,

2.3.3 in cases in which, pursuant to Article 2.3.1 or 2.3.2, above, UNFPA has reviewed the qualifications of such Contractor’s personnel, UNFPA may reasonably refuse to accept any such personnel.

2.4 Requirements specified in the Contract regarding the number or qualifications of the Contractor’s personnel may change during the course of performance of the Contract. Any such change shall be made

only following written notice of such proposed change and upon written agreement between the Parties regarding such change, subject to the following:

2.4.1 UNFPA may, at any time, request, in writing, the withdrawal or replacement of any of the Contractor's personnel, and such request shall not be unreasonably refused by the Contractor.

2.4.2 Any of the Contractor's personnel assigned to perform obligations under the Contract shall not be withdrawn or replaced without the prior written consent of UNFPA, which shall not be unreasonably withheld.

2.4.4 All expenses related to the withdrawal or replacement of the Contractor's personnel shall, in all cases, be borne exclusively by the Contractor.

2.4.5 Any request by UNFPA for the withdrawal or replacement of the Contractor's personnel shall not be considered to be a termination, in whole or in part, of the Contract, and UNFPA shall not bear any liability in respect of such withdrawn or replaced personnel.

2.4.6 If a request for the withdrawal or replacement of the Contractor's personnel is *not* based upon a default by or failure on the part of the Contractor to perform its obligations in accordance with the Contract, the misconduct of the personnel, or the inability of such personnel to reasonably work together with UNFPA officials and staff, then the Contractor shall not be liable by reason of any such request for the withdrawal or replacement of the Contractor's personnel for any delay in the performance by the Contractor of its obligations under the Contract that is substantially the result of such personnel's being withdrawn or replaced.

2.5 Nothing in Articles 2.2, 2.3 and 2.4, above, shall be construed to create any obligations on the part of UNFPA with respect to the Contractor's personnel assigned to perform work under the Contract, and such personnel shall remain the sole responsibility of the Contractor.

2.6 The Contractor shall be responsible for requiring that all personnel assigned by it to perform any obligations under the Contract and who may have access to any premises or other property of UNFPA shall:

2.6.1 Undergo or comply with security screening requirements made known to the Contractor by UNFPA, including but not limited to, a review of any criminal history;

2.6.2 When within UNFPA premises or on UNFPA property, display such identification as may be approved and furnished by UNFPA, and that upon the withdrawal or replacement of any such personnel or upon termination or completion of the Contract, such personnel shall immediately return any such identification to UNFPA for cancellation.

2.7 Within one working day after learning that any of Contractor's personnel who have access to any UNFPA premises have been charged by law enforcement authorities with an offense other than a minor traffic offense, the Contractor shall provide written notice to inform UNFPA about the particulars of the charges then known and shall continue to inform UNFPA concerning all substantial developments regarding the disposition of such charges.

2.8 All operations of the Contractor, including without limitation, storage of equipment, materials, supplies and parts, within UNFPA premises or on UNFPA property shall be confined to areas authorized or approved by UNFPA. The Contractor's personnel shall not enter or pass through and shall not store or dispose of any

of its equipment or materials in any areas within UNFPA premises or on UNFPA property without appropriate authorization from UNFPA.

### 3. ASSIGNMENT:

3.1 Except as provided in Article 3.2, below, the Contractor may not assign, transfer, pledge or make any other disposition of the Contract, of any part of the Contract, or of any of the rights, claims or obligations under the Contract except with the prior written authorization of UNFPA. Any such unauthorized assignment, transfer, pledge or other disposition, or any attempt to do so, shall not be binding on UNFPA. Except as permitted with respect to any approved subcontractors, the Contractor shall not delegate any of its obligations under this Contract, except with the prior written consent of UNFPA. Any such unauthorized delegation, or attempt to do so, shall not be binding on UNFPA.

3.2 The Contractor may assign or otherwise transfer the Contract to the surviving entity resulting from a reorganization of the Contractor's operations, *provided that:*

3.2.1 Such reorganization is not the result of any bankruptcy, receivership or other similar proceedings; *and,*

3.2.2 Such reorganization arises from a sale, merger, or acquisition of all or substantially all of the Contractor's assets or ownership interests; *and,*

3.2.3 The Contractor promptly notifies UNFPA about such assignment or transfer at the earliest opportunity; *and,*

3.2.4 the assignee or transferee agrees in writing to be bound by all of the terms and conditions of the Contract, and such writing is promptly provided to UNFPA following the assignment or transfer.

4. **SUBCONTRACTING:** In the event that the Contractor requires the services of subcontractors to perform any obligations under the Contract, the Contractor shall obtain the prior written approval of UNFPA. UNFPA shall be entitled, in its sole discretion, to review the qualifications of any subcontractors and to reject any proposed subcontractor that UNFPA reasonably considers is not qualified to perform obligations under the Contract. UNFPA shall have the right to require any subcontractor's removal from UNFPA premises without having to give any justification therefor. Any such rejection or request for removal shall not, in and of itself, entitle the Contractor to claim any delays in the performance, or to assert any excuses for the non-performance, of any of its obligations under the Contract, and the Contractor shall be solely responsible for all services and obligations performed by its subcontractors. The terms of any subcontract shall be subject to, and shall be construed in a manner that is fully in accordance with, all of the terms and conditions of the Contract.

### 5. INDEMNIFICATION:

5.1 The Contractor shall indemnify, defend, and hold and save harmless, UNFPA, and its officials, agents and employees, from and against all suits, proceedings, claims, demands, losses and liability of any kind or nature brought by any third party against UNFPA, including, but not limited to, all litigation costs and expenses, attorney's fees, settlement payments and damages, based on, arising from, or relating to:

5.1.1 allegations or claims that the possession of or use by UNFPA of any patented device, any copyrighted material, or any other goods, property or services provided or licensed to UNFPA under the terms of the Contract, in whole or in part, separately or in a combination contemplated by the Contractor's published

5.1.2 any acts or omissions of the Contractor, or of any subcontractor or anyone directly or indirectly employed by them in the performance of the Contract, which give rise to legal liability to anyone not a party to the Contract, including, without limitation, claims and liability in the nature of a claim for workers' compensation.

5.2 The indemnity set forth in Article 5.1.1, above, shall not apply to:

5.2.1 A claim of infringement resulting from the Contractor's compliance with specific written instructions by UNFPA directing a change in the specifications for the goods, property, materials, equipment or supplies to be or used, or directing a manner of performance of the Contract or requiring the use of specifications not normally used by the Contractor; *or*

5.2.2 A claim of infringement resulting from additions to or changes in any goods, property, materials equipment, supplies or any components thereof furnished under the Contract if UNFPA or another party acting under the direction of UNFPA made such changes.

5.3 In addition to the indemnity obligations set forth in this Article 5, the Contractor shall be obligated, at its sole expense, to defend UNFPA and its officials, agents and employees, pursuant to this Article 5, regardless of whether the suits, proceedings, claims and demands in question actually give rise to or otherwise result in any loss or liability.

5.4 UNFPA shall advise the Contractor about any such suits, proceedings, claims, demands, losses or liability within a reasonable period of time after having received actual notice thereof. The Contractor shall have sole control of the defense of any such suit, proceeding, claim or demand and of all negotiations in connection with the settlement or compromise thereof, except with respect to the assertion or defense of the privileges and immunities of the United Nations, including its subsidiary organs, or any matter relating thereto, for which only UNFPA itself is authorized to assert and maintain. UNFPA shall have the right, at its own expense, to be represented in any such suit, proceeding, claim or demand by independent counsel of its own choosing.

6.2 Unless otherwise provided in the Contract, prior to commencement of performance of any other obligations under the Contract, and subject to any limits set forth in the Contract, the Contractor shall take out and shall maintain for the entire term of the Contract, for any extension thereof, and for a period following any termination of the Contract reasonably adequate to deal with losses:

13.1 Either Party may terminate the Contract for cause, in whole or in part, upon thirty (30) day's notice, in writing, to the other Party. The initiation of conciliation or arbitral proceedings in accordance with Article 16 "Settlement of Disputes," below, shall not be deemed to be a "cause" for or otherwise to be in itself a termination of the Contract.

13.2 UNFPA may terminate the Contract at any time by providing written notice to the Contractor in any case in which the mandate of UNFPA applicable to the performance of the Contract or the funding of UNFPA applicable to the Contract is curtailed or terminated, whether in whole or in part. 13.4 In the event of any termination of the Contract, UNFPA shall be entitled to obtain reasonable written accountings from the Contractor concerning all obligations performed or pending in accordance with the Contract. In addition, UNFPA shall not be liable to pay the Contractor except for those goods delivered and services provided to UNFPA in accordance with the requirements of the Contract, but only if such goods or services were ordered, requested or otherwise provided prior to the Contractor's receipt of notice of termination from UNFPA or prior to the Contractor's tendering of notice of termination to UNFPA.

18.2 The Contractor authorizes UNFPA to deduct from the Contractor’s invoices any amount representing such taxes, duties or charges, unless the Contractor has consulted with UNFPA before the payment thereof and UNFPA has, in each instance, specifically authorized the Contractor to pay such taxes, duties, or charges under written protest. **1. Background:**

Egypt is a young country. More than 60% of the Egyptian population is under the age of 30 and 40% is between the ages of 10 and 29. These young people constitute powerful catalysts for social and economic development and change as they make the transition from childhood to the roles and responsibilities of adulthood—as workers, citizens, spouses, and parents. Under the right circumstances, this “youth bulge” , the largest cohort of young people in its history, could propel the country economically depending on the investments made in this group. But without the right investments in young people’s health and education, as well as opportunities for productive livelihoods, their future prospects—and possibly the future of Egypt—will be limited.

Especially crucial is investing in young women who face different impediments and inequalities that result in disparities in education, protection, employment and access to services, including sexual and reproductive health services. Investment in young Egyptians is essential to turn the “youth bulge” into a demographic dividend. Today’s Egyptian young people face enormous challenges, due to globalization, new technologies, shrinking civic space, changing labour markets and the impact of climate change and more recently impact of COVID 19.

In addition, overpopulation is a fundamental challenge hindering Egypt’s potential economic growth. Every year 800,000 young people enters job market. The youth unemployment rates reached 38.9 percent with vast disparities between males and females. Egypt's economy is seriously affected by a population growth outstripping many economic gains. As a result of this surge in population, per capita income and growth in domestic product have fallen with tremendous implications on quality of life and on basic services including education. Moreover, continued population growth has significant effect on the prospect of making progress in reducing poverty and unemployment rates and raising standards of living, with women and young people being particularly affected.

In Egypt, more than one third of young people are not in employment, education or training. Nevertheless, young people constitute an unprecedented opportunity for Egypt as well as for the Arab region. In this regard, there are huge potential benefits if adequate investment is made in the Egyptian youth. As such, Egypt will thrive when young people are empowered to make informed choices about their lives –including their reproductive health and are significantly engaged as main agents of change to achieving sustainable development along with promoting peace, security and prosperity for their country. United Nations Member states acknowledged the

key role of young people as drivers for peace and sustainable development through United Nations resolutions, international agreements and conventions, such as the 2030 Agenda for Sustainable Development, the UN Security Council Resolutions 2250 and 2419 on Youth, Peace and Security.

Realizing that young people are a vast source of innovation, ideas and solutions and recognizing that empowering and supporting them to fulfil their potential are important facets to create a more progressive, sustainable and prosperous Egypt for all and to fulfil the vision of the 2030 Agenda for Sustainable Development, the GoE has taken concrete steps to engage young people and enable them to lead. This includes, among other programs targeting young people, the Presidential Leadership Program, which aims to develop a skilled and capable cadre of young leaders. However, and despite the GOE's relentless efforts, the many young people in Egypt are not in education, in training or employment. According to a World Bank document, 40.7 percent of young people are neither in education or training nor in employment. In this regards, young Egyptians face huge challenges particularly in the transition into adulthood; the labour market and economic insecurity being the most critical challenges. Around 50 percent of all the unemployed in Egypt are aged 15-24, with an additional 16.5 percent in the age group 25-29 years. It is thus crucial that the emerging generation is protected and sensitized as it makes its way to adulthood. Adolescents and young people are the ones that will have to ensure the future success and progression of Egypt, especially in light of current political, social and economic challenges

For several decades, UNFPA Egypt CO has been working with the GoE to empower young people, promote and protect their rights in accessing reproductive health services. UNFPA envisions a world in which girls and boys have optimal opportunities to develop their full potential, to freely express themselves and have their views respected, and to live free of poverty, discrimination and violence. To achieve this, UNFPA works closely with the Ministry of Youth and Sports across sectors and with many NGO partners to:

- Create and nurture groups of young Egyptian volunteers to lead their peers in cultural and educational activities that improve social development, behavioural change and attitudes towards small family size, gender roles and zero tolerance to all forms of Gender-based Violence and risky behaviours
- Empower adolescents and youth with skills to fulfill their potential, think critically, and express themselves freely;
- Promote health and well being, by giving them access to age appropriate reproductive health information, education, and services
- Connect young people to livelihood and employment programs
- Uphold the rights of young people, especially young women and girls and marginalized groups

- Encourage young people’s leadership and participation in decisions that affect them.  
In this context, a multi-sectoral strategy, with evidence-based policies and programs, is needed to address young people’s challenges along with an enhanced coordination of all key players including governmental bodies, NGOs and the private sector. In addition, sustained efforts and investments are needed to provide young people with better access to information and resources, to empower them with the necessary skills to contribute to their communities.

## 2. Objective of the Consultancy:

The overall objective of this consultancy is to develop a five year National Youth Strategy ( 2021-2026) and an implementation framework that will guide the GoE towards the engagement and empowerment of young people in Egypt.

The national Youth Strategy will be guided by four main principles taking into consideration the special needs of young women and marginalized groups including PWDs

**Sixth**, prioritize support for young people with disabilities, young people in conflict and in humanitarian crises, including their participation in peace processes.

The main objective of this Consultancy is to develop a 5-year multi-sectoral National Youth Strategy and an implementation framework that will inform all stakeholders' approach to programming for and with young people. Prior to the development of the strategy, the Consultant will:

1. conduct a desk review of the relevant documents/strategies, similar youth strategies in other countries and relevant youth related policies in order to inform the development of the strategy.
2. conduct a contextual analysis of the current youth situation in Egypt including employability and economic empowerment interventions by government and NGOs, assess good practices and learnings over the past years.
3. review the institutional capacity of the different stakeholders, organizational set-up, financial and administrative systems against the identified strategic objectives and key result areas; and make recommendations. The findings and recommendations from this contextual analysis will inform the development of Youth Strategy and the implementation framework with the costed action plans.
4. The Consultant will work on developing a Strategy that will be aligned with Egypt's 2030 vision, objectives and 3 dimensions. The Consultant will also work closely with the Ministry of Youth and Sports and all relevant ministries and stakeholders during the development of the Strategy.

#### **4. Methodology**

The development of the strategy will require participatory and consultative methodologies including workshops with different stakeholders and will be informed by the findings and recommendations from desk review and the contextual analysis report. In order to conduct the contextual analysis, the Consultant will employ gender responsive mixed methodologies (qualitative and quantitative). The Consultant must, at the onset of the planning process, identify all relevant stakeholders and line ministries of the strategy. They may be from the formal, non-formal or private sectors. This will involve listing of people, groups and institutions that influence development of the Strategy. All stakeholders must be provided with the opportunity to make inputs into the Strategic Plan. The pivotal point of the planning will be measured by the implementation framework outlining how the partners can work together. The consultant is expected to plan and facilitate the participation of all the stakeholders in the planning process at different stages through various meetings/workshops as part of the consultation for the five-year strategic plan. . Key Informant Interviews (KIIs) will also form part of the methods of collecting information on the ongoing interventions as well as assessing the youth employability and economic empowerment interventions in Egypt. The Consultant will also be expected to carry out Focus Group Discussions (FGDs) with private sector groups, institutions as well as with young people in different governorates in order to assess , employment opportunities, good practices and learnings. The Consultant will provide a detailed breakdown of how these different methods will
