The successful Bidder(s) shall have the right to review their prices every 12 months from commencement of the LTA, and shall notify UNFPA in writing 90 days prior to the 12 months period of a proposed price decrease or increase. The successful Bidder(s) shall provide proper justification for any price increase. UNFPA shall be entitled to either accept the price decrease / increase or to cancel the LTA, and shall notify the successful Bidder(s) in writing of its decision.

Similarly, should the USD depreciate by more than 10% against the Bidder's preferred currency, the successful Bidder(s) will be allowed to adjust their USD price upward by applying the UN exchange rate at time of bidding. For the purpose of calculating the percentage of appreciation or depreciation of the USD against the Bidder's preferred currency, the UN monthly exchange rates shall be used. To obtain the monthly UN exchange rate, use the following link:

<http://treasury.un.org/operationalrates/Default.aspx>

### **23 Clarification of Bids**

- 23.1. To assist in the examination, evaluation and comparison of bids, UNFPA may ask Bidders for clarification of their bids. The request for clarification and the response shall be in writing by UNFPA and no change in price or substance of the bid shall be sought, offered or permitted.

### **24 Responsiveness of bids**

- 24.1. UNFPA's determination of a bid's responsiveness is to be based on the contents of the bid itself.
- 24.2. A substantially responsive bid is one that conforms to all the terms, conditions, and specifications of the bidding documents without material deviation, reservation, or omission. A material deviation, reservation, or omission is one that:
  - a. affects in any substantial way the scope, quality, or performance of the goods and related services specified in the contract; or
  - b. limits in any substantial way, inconsistent with the bidding documents, UNFPA's rights or the Bidder's obligations under the contract; or
  - c. if rectified would unfairly affect the competitive position of other Bidders presenting substantially responsive bids.
- 24.3. UNFPA considers material deviation to include, but to not to be limited to the following situations:
  - a. During preliminary examination of bids (verification of formal criteria)

- Absence of bid form(s), change in the wording or lack of signature on key portions of the bid form when this is clearly specified in the tender document as a requirement. Any change in wording that is consistent with the standard format of the bid form(s) is not a material deviation;
  - The Bidder indicates in the bid that they do not accept important contract conditions, i.e. related to Warranty, Force Majeure Applicable Law, Delivery Schedule, Payment Terms, General Conditions and Limitation of Liability;
  - Non historical documents required in the solicitation document have not been provided, such as documents specifically related to the bidding process and that the Bidder could not be expected to possess before the solicitation document was issued;
  - Non eligibility of the Bidder;
  - Financial information is included in the technical bid when using the two-envelope method.
- b. During technical evaluation of bids and qualification of Bidders:
- Specifications of the item quoted vary in one or more significant respect(s) from the minimum required technical specifications.
  - The Bidder does not meet the minimum conditions for qualification.
- c. During financial evaluation of bids:
- The Bidder does not accept the required price correction as Instructions to Bidders Clause 25.1, c.
  - Required price components are missing;
  - The Bidder offers less quantity than what is required.
- 24.4. If a bid is not substantially responsive to the bidding documents, it shall be rejected by UNFPA and may not subsequently be made responsive by the Bidder by correction of the material deviation, reservation, or omission.

## **25 Nonconformities, Errors, and Omissions**

- 25.1. Provided that a bid is substantially responsive:
- a. UNFPA may waive any non-conformities or omissions in the bid that do not constitute a material deviation.
- b. UNFPA may request that the Bidder submit the necessary information or documentation within a reasonable period of time to rectify nonmaterial nonconformities or omissions in the bid related to documentation\_requirements. Such omission shall not be related to any aspect of the price of the bid. Failure of the Bidder to comply with the request may result in the rejection of its bid.
- c. UNFPA shall correct arithmetical errors on the following basis:
- If there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of UNFPA there is an obvious misplacement of the decimal point in the unit price. In that case the line item total as quoted shall govern and the unit price shall be corrected;
  - if there is a discrepancy between words and figures, the amount in words shall prevail;
  - if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected.

- 25.2. If the Bidder that submitted the lowest evaluated bid does not accept the correction of errors, its bid shall be rejected.

## **26 Preliminary examination of Bids**

- 26.1. UNFPA shall examine the bids to determine whether they are complete, that all documents and technical documentation requested as per Instructions to Bidders Clause 10 have been provided and to determine the completeness of each document submitted. UNFPA will also examine whether any computational errors have been made, whether the documents are properly signed, and whether the bids are generally in order.

## **27 Examination of Terms and Conditions and Technical Evaluation**

- 27.1. UNFPA shall examine the bid to confirm that it does not contain any material deviations, reservation, or omission related to the conditions and requirements specified in the Section II Technical Specifications and Schedule of Requirements, Section III UNFPA General Conditions of Contract and Section IV UNFPA Special Conditions for Contracts.
- 27.2. If after the examination of the terms and conditions and the technical evaluation UNFPA determines that the bid is not substantially responsive in accordance with Instructions to Bidders Clause 24, the bid shall be rejected.

## **28 Conversion to Single Currency**

- 28.1. To facilitate evaluation and comparison, UNFPA will convert all bid prices expressed in the amounts in various currencies in which the bid prices are payable to US dollars at the official UN exchange rate on the last day for submission of bids.

## **29 Domestic Preference**

- 29.1. Domestic preference shall not be a factor in bid evaluation.

## **30 Evaluation of Bids**

- 30.1. UNFPA shall evaluate each bid that has been determined, up to this stage of the evaluation, to be substantially responsive.
- 30.2. UNFPA's evaluation of a bid will exclude and not take into account:
- a. Customs duties and other import taxes, sales and other similar taxes, which will be payable on the goods if the contract is awarded to the Bidder;
  - b. Any allowance for price adjustment during the period of execution of the contract, if provided in the bid.

## **31 Comparison of Price Bids**

- 31.1. UNFPA shall compare all substantially responsive bids to determine the lowest priced substantially responsive bid.
- 31.2. Bid comparison will be made on the total cost, delivered to final destination. UNFPA reserves the right to compare freight prices of Bidders with rates of reputable freight forwarders and to consider such rates for the purpose of bid evaluation. In the event that Bidder's freight prices are found to be less competitive than the rates offered by freight forwarders, UNFPA may issue a contract on FCA basis to the Vendor instead of CPT/CFR, and issue a separate contract for freight to a freight forwarder if deemed in the best financial interest of UNFPA.

## **32 Post-qualification of the Bidder**

- 32.1. UNFPA shall determine to its satisfaction whether the Bidder with the lowest priced, substantially responsive bid is qualified to perform the contract satisfactorily.
- 32.2. The determination shall be based upon an examination of the documentary evidence of the Bidder's qualifications submitted in the bid. An affirmative determination shall be a pre-requisite in order to award the contract to the Bidder. A negative determination shall result in disqualification of the bid, in which event UNFPA shall proceed to the bid that was evaluated as the next lowest priced, substantially responsive bid in order to make a similar determination of that Bidder's capabilities to perform satisfactorily.
- 32.3. To determine the Bidder's capacity to execute the contract, UNFPA shall consider the following elements:
  - Performance Statement Form, Section V, 4, with documentary evidence
  - Copy of last year audited company Balance and Financial Statements
  - Financial Capability:
    - a. Annual sales turnover during any one of the last three years to be at least equal to the contract value (from Financial Statements)
    - b. Documentary evidence that the Bidder has successfully completed at least one similar contract within the last five years for supply of goods.
    - c. Provide contact details of commercial banks and names of contact persons from whom UNFPA could seek feedback.
  - Experience and Technical Capacity:
    - a. Registration details of the company
    - b. Experience to undertake the contract
      - i. List of similar contracts executed for other clients, including contract details.
      - ii. Evidence that the Bidder possesses experience in the geographical area required by the bid.
      - iii. At least three years of experience in performing similar contracts.
    - c. Company's managerial capability:
      - i. Details of company's managerial structure.
      - ii. Quality assurance systems in place.

- d. Bidder must have manufactured and supplied satisfactorily similar goods to a similar extent of the quantity, as mentioned against each schedule during any one of the last three years and the goods should have been in use satisfactorily with no adverse report.
- e. Client's certificates in support of the satisfactory operation of the goods as specified above.
- f. Data to support that the Bidder has the production capacity to perform the contract and complete the supplies within the stipulated delivery period or data to support that it has an installed annual production capacity for the specific item to match the quantities required. To qualify for multiple schedules, the installation capacity requirement shall be the sum of requirements against the individual schedules.
- g. Evidence that the Bidder is in the continuous business of manufacturing/supplying and providing after sale services for goods similar to those offered during the last three years prior to bid opening date.
- h. Brief write-up, backed up with adequate data, explaining available capacity and experience in the manufacture and supply of the required products within the specified time of completion after meeting all their current commitments.
- i. Confirmation that all the facilities exist at the factory for inspection and testing and these will be made available to the purchaser or his representative for inspection.
- j. The Bidder shall disclose instances of previous past performance that may have resulted in adverse actions taken against the Bidder and the manufacturers whose products are being offered by the Bidder, in the last five years. Such adverse actions may be treated as unsatisfactory performance history while deciding the award of contract. If no instance of previous past performance has resulted into adverse actions, this must be clearly indicated in the Bidder's bid.
- k. A list giving full particulars, including available sources and current prices of spare parts, special tools, etc., necessary for the proper and continuing functioning of the equipment for a reasonable period of time following installation.

32.4. Notwithstanding anything stated above, UNFPA reserves the right to assess the Bidder's capabilities and capacity to execute the contract satisfactorily before deciding on award.

32.5. Even though the Bidders may meet the above qualifying criteria, they can be subject to disqualification if they have made misleading or false representations in the forms, statements and attachments submitted in proof of the qualification requirements, and/or record of poor performance such as, not properly completing contracts, inordinate delays in completion, litigation history, financial failures, etc.

### **33 UNFPA's Right to Accept Any Bid and to Reject Any or All Bids**

33.1. A bid that is rejected by UNFPA may not be made responsive by the Bidder by correction of the non-conformity. A responsive bid is defined as one which conforms to all the terms and conditions of the UNFPA's bid solicitation documents without material deviations. UNFPA shall determine the responsiveness of each bid against the UNFPA solicitation documents.

33.2. UNFPA reserves the right to reject any bid if a Bidder has previously failed to perform properly or complete on time in accordance with contracts or the Bidder who in UNFPA's perspective is not in a position to perform the contract.

33.3. The Bidders waive all rights to appeal against the decision made by UNFPA.

### **34 UNFPA's Right to Annul a Bidding Process**

- 34.1. UNFPA reserves the right to annul the bidding process and reject all bids at any time prior to award of purchase order, without thereby incurring any liability to the affected Bidder(s) or any obligation to provide information on the grounds for UNFPA's action.

## **F. Award of Contract**

### **35 Award Criteria**

- 35.1. In the event of a contract award, UNFPA shall award *Multiple Local Long-Term Agreement*, to the lowest priced Bidder(s) whose bid has been determined to be substantially responsive to the bidding documents.
- 35.2. Prior to contract award, the successful Bidder(s) will be requested to send samples of the requested products to the end-user in *Egypt* via an international air courier service. The cost for sending the samples will be at the charge of the bidder.
- 35.3. If required, the Bidder shall permit UNFPA representatives access to their facilities at any reasonable time to inspect the premises that shall be used for the production, testing and packaging of the products. The Bidder shall also provide reasonable assistance to the representatives for such inspection, including copies of any test results or quality control reports as may be necessary. UNFPA may inspect the manufacturing facilities of the lowest evaluated responsive Bidder to assess his capability to successfully perform the contract as per the terms and conditions specified in the ITB.
- 35.4. UNFPA reserves the right to make multiple arrangements for any item(s) where, in the opinion of UNFPA, the lowest priced substantially responsive Bidder cannot fully meet the delivery requirements or if it is deemed to be in UNFPA's best interest to do so. Any arrangement under this condition shall be made on the basis of the lowest priced substantially responsive, the second lowest priced substantially responsive, the third lowest priced substantially responsive, etc.

### **36 Right to Vary Requirements at Time of Award**

- 36.1. UNFPA reserves the right at the time of award of contract to increase or decrease by up to 20% the quantity of goods specified in this bid without any change in unit price or other terms and conditions.

### **37 Signing of the contract**

- 37.1. Prior to the expiration of the period of bid validity, UNFPA shall send the successful Bidder/s the Long Term Agreement, which constitute the notification of award. The successful Bidder shall sign, date the contract and return it to UNFPA within 10 days of receipt of the contract. After receipt of the contract, the successful Bidder shall deliver the commodities in accordance with the quantity, quality and delivery schedule outlined in its bid in conjunction with UNFPA terms and conditions.

## 38 Publication of Contract Award

- 38.1. UNFPA shall publish the contract award on United Nations Global Marketplace <http://www.ungm.org>, with the information of the awarded Bidder company name, contract amount or LTA and the date of the contract.
- 38.2. Suppliers perceiving that they have been unjustly treated in connection with the solicitation or award of a contract may lodge a complaint directly with the UNFPA Head of Office at [*ghaddad@unfpa.org*]. The UNFPA Head of Office will then make an assessment of the complaint and provide a reply to the supplier within a week. If the supplier is not satisfied with the reply provided by the UNFPA Head of Office, the supplier may escalate the complaint to the Chief, Procurement Services Branch at [procurement@unfpa.org](mailto:procurement@unfpa.org), who will reply to the supplier within a week and advise the Supplier on further recourse if required.
